

MEETING NOTICE

Oyster Restoration Research in Apalachicola Bay

November 15, 2016

From 5 – 6 PM

Apalachicola Community Center

1 Bay Avenue

Scientists from the University of Florida, and resource managers from the Florida Fish and Wildlife Conservation Commission and the Florida Department of Agriculture and Consumer Services will provide an update regarding the experimental research project that is on-going in Apalachicola Bay. This five-year project is being funded through the National Fish and Wildlife Foundation. The project is examining oyster health, productivity, reef structure and water quality to support the Bay's oyster industry in the long-term.

All interested persons from the Community are encouraged to attend.

Meeting Contact: Erik Lovstrand
